

I am writing to you to let you know how important my local Airl FM Radio service is to me. Airl FM provides an alternative music that is not provided by any other radio service in my community. You can tune in to several radio services to receive the same type of broadcasting, music, news, etc., but Airl FM is very unique and if it is taken away there will be a huge void. Airl FM affects our community greatly in that it is positive encouragement broadcasting, a great need in these times of war, violence, and an overall negative media influence on the community. I believe that the service provided by Airl FM is of public interest because it provides us with a refreshing breath of air from the biased, hostile, immoral and overall doomsday sentiment expressed by most radio broadcasting. Please allow Airl FM to continue to service the local community by providing the message that most residents want to hear: one of encouragement, hope, and positivity. Thank you.
